Experience

Front End Developer (Intern) (From 11/2021 To 02/2022)

-> Create well-designed, tested code using best practices for website development, including mobile and responsive site design.

-> Create websites and user interfaces, using standard HTML/CSS practices, while incorporating data from back-end databases and services

-> Working with react framework.

Front End Developer

I am working as a front end developer. On my current company I developed the responsive web pages. I worked on Geolocation based project where I get a chance to work on Mapbox. I also developed the Chrome extension and most of my work is on React.js.
